

## David Alonso

Chief Commercial Officer

Appointed Chief Commercial Officer for HyAxiom in 2023, David Alonso is a commercial executive with 25 years of experience in the energy industry leading world-class sales and commercial organizations that deliver solutions to customers while driving business growth and profitability.

Prior to joining HyAxiom, David was Senior Vice President, Commercial Lead, for Mitsubishi Power Americas. Previously, he served as Region Vice President, Power Systems Sales, for Siemens Energy along with various sales and commercial roles while at Siemens.

Alonso's experience includes driving commercial and operational excellence across a wide range of energy products and markets including equipment and services for renewable, fossil, and nuclear generation; energy storage; digital solutions; transmission and distribution; and distributed generation to a customer base that includes utilities, independent power producers, developers, industrial, and EPC firms. His recent efforts to help grow the hydrogen economy and bring decarbonized solutions to customers are what led him to join the HyAxiom team.

He received his Bachelor of Science in Management Science from the Georgia Institute of Technology and his MBA from the University of Florida.
